A NATURAL ORGANIC CANDY WITH AÇAÍ AND GUARANÁ FROM THE AMAZON RAINFOREST

Contains Natural Functional Stimulants and Active Antioxidants.

Naturally Reducing Hunger and Activates Longevity Genes

Natural Candy, made with organic Acai and authentic Pure Powdered Guarana from the Amazon rainforest, freeze-dried, with a high concentration of natural nutrients preserved from the fresh fruit. Functional, energetic and natural oxidant foods provide health benefits beyond their basic nutritional functions with low-calorie, low sodium, gluten-free, fat-free and sugar-free. It favors the stimulating action of the central nervous system, improves attention and clarity of thought, helps accelerate the metabolism, burn fat and reduce hunger for weight loss. Guarana (*Paullinia Cupuna*), native fruit located in near proximity to small streams of water in the Amazon rainforest, is a powerful energetic rich in caffeine, used by Indians since pre-Columbian times, important in weight loss, helpful to increase the disposition, boost performance in aerobic exercises, aphrodisiac, helps invigorate the body and slow the aging process. Its use is associated with longevity, it has antioxidant, anti-inflammatory and anti-tumor properties, is antiplatelet, helps unclog arteries and fight obesity. Organic AÇAÍ, with its high concentration of antioxidants, acts efficiently in the immune and circulatory systems. It helps fight free radicals and premature aging, strengthens the body's defenses and helps prevent cardiovascular diseases. The extraction of Acai is done by fishermen in the Amazon rainforest who develop management techniques with minimal impact to preserve natural resources and prevent the degradation of the Amazon rainforest.

Nutritional Composition: Acai (*Euterpe oleracea* Mart) and Guarana (*Paullinia Cupuna*) contains omega 6 and 9, vitamins C, A, E, K, B1, B2, B3, B5, B6, B9, B12, carbohydrates, protein, acid fatty, flavonoid, tannin, potassium, magnesium, phosphorus, calcium, zinc, iron, copper, rich in caffeine, theobromine, theophylline and natural food fibers.
